NILES WILL GET NURSERY ROAD

DISTRICT ATTORNEY ORDERED TO BEGIN CONDEMNATION SUIT

Four-Year Struggle to End In Victory for Niles People

Niles is to have its nursery road! After three years of intensive effort on the part of those interested in Niles, such seems to be an assured fact when the county board of supervisors at their Thursday meeting passed a resolution instructing District Attorney Earl Warren to begin condemnation proceedings for a right of way through the California nursery property, which has been a thorn in the side of those desiring the completion of the extension.

Although the board of supervisors were for further postponing the settlement of this question, Supervisor Richmond asked immediate action and the resolution was the result. It could not be learned from District Attorney Warren when he would begin condemnation proceedings but it is expected his office will start as soon as the necessary details are worked out.

F. V. Jones and E. F. Glassbrook, president and vice-president of the Niles Chamber respectively, were present at the board meeting when the resolution was passed. It marked a victory for which the Niles Chamber of Commerce and the Township Register have made no little effort to attain during the three years the struggle for the road has been carried on. Supervisor Ralph Rirhmond also has to be given credit for the part he has played in assuring this thoroughfare.

Work on the street extension began last spring and was completed up to the California nursery property where it had to cease on account of the refusal of that concern to give the necessary right-of-way. After several conferences were held in which the Niles Chamber of Commerce road committee and county officials figured prominently, no settlement could be reached with the nursery interests in regard to what should be paid for the right-of-way. Another obstacle was presented when upon the advice of the district attorney's office, the Niles Chamber of Commerce committee set out to obtain the signatures of other property owners deeding the land over to the road. After much effort to secure these signatures and only being successful in getting approximately half of them, the Niles road committee turned the deeds left unsigned over to the board of supervisors and let further action rest with them.

The board finally has acted and the consequences promises to result in a decided improvement for Niles.

NEW BUILDING TO BE CONSTRUCTED AT NILES

With the submittal of bids and the completion of plans expected in the next week, construction will begin shortly on a new modern business building to be built by Justice of the Peace J. A. Silva on his property at the corner of First and J streets, in Niles.

The dimensions f the structure will be seventy-five feet by twenty-five feet. It will be made of re-enforced concrete. It is to be a one story building, and will accommodate four business establishments when completed.

Work began this week on tearing down the small wooden structure between the poolhall on the corner and Rose's garage. The poolhall will be moved to the back of the lot before work on the new building begins.

Girl Injured When Car Strikes Mule

There are other ways a mule can cause pain than through his kick. Laura Chapman, 17, of Berkeley, made this discovery while riding with friends late Sunday night when their car encountered three mules on the highway near Decoto. After missing one of the animals, the driver crashed into another, breaking the windshield and inflecting severe lacerations on Miss Chapman's lip.

She was treated by Dr. E. C. Grau, at Niles.

ROAD CREWS ADD TO NILES CANYON SCENIC BEAUTY

Brush Cut and Trees Are Trimmed Along Alameda Creek

All the picturesque beauty of an up to date park now greets travellers in Niles Canyon as the result of the activities of county road crews in that section during the past week. Approximately forty men have been busy under the direction of Roadmaster Joe Gomes cutting brush and trimming the trees along Alameda Creek from the Clark bridge up to the Brightside bridge for the past two weeks, thus giving a scenic effect which is pleasing to the eye as one drives through the canyon.

In addition to beautifying Niles Canyon, one of the chief reasons for the brush cutting and the trimming of the trees, according to Gomes, has been to eliminate a troublesome condition existing when heavy rains brings Alameda creek to flooded proportions. Driftwood would lodge against the brush and overhanging limbs causing the stream to backwater and eat into the bank, which often created a dangerous situation in regard to the road.

Brush cutting work was finished Saturday and work is now going forward on straightening several curves and making other improvements on the canyon road. A new culvert also has been put in near Farwell Station. The construction work is part of the road improvement program planned by the county board of supervisors as the result of the county winning the suit against the Southern Pacific Railroad Company involving right-of-way claims.

The men who are receiving employment in this work are from Washington township and

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

VICTORY WITHIN OUR GRASP

WITH THE LAST obstacle brushed aside, apparently, Niles is celebrating a four years' fight to open First street through the California Nursery Company grounds to connect with the Alvarado-San Mateo bridge road. Last Thursday afternoon the board of supervisors, weakening under the forceful attack of Supervisor Ralph Richmond, voted to condemn the California Nursery Company holdings that the road might not longer be delayed. After years of agitation in which civic organizations of Niles participated, and under the concentrated attack of the Township Register, the issue became an overshadowing one during the past six months. Meeting with opposition from the Roeding interests, the project has been balked and a peaceful solution of the matter, much as it was desired, failed. The district attorney has been instructed to begin at once condemnation proceedings against the property holder who stood out to the last against the interests of Niles and its future growth.

The writer, in an effort to save this project from being chloroformed, on a number of occasions wrote some severe criticisms of the attitude of those who opposed, and public officials who seemed to proscrastinate.

We are happy, indeed, now that success has crowned the effort of our far-sighted citizens and this paper, to commend everyone who has helped in this major program of expansion. We think Supervisor Richmond is entitled to a very large share of credit in the fruition of this road dream, now assured. Doubtless, the delays experienced were due, not to indifference on the part of Mr. Richmond at it appeared, but from a sincere desire to treat the California Nursery Company more than fair. At last his patience exhausted, he demanded of his fellow members of the board of supervisors that the district attorney proceed to clear away the legal obstacles to the road's right-of-way, and it was done.

* * *

The Register is happy—happy in this hour of apparent success. But it is sorry, too, if in its enthusiasm for a better and bigger Niles, it has wounded the feelings of any man or organization. We extend our hand in fellowship, and, so far as we are concerned, let by-gones be by-gones, let glum-faced bitter-enders step aside. Room, room, alone while Niles hits its stride!

WE, TOO, HAVE A THEORY

WE THINK the newspapers are overplaying the Lindberg kidnapping episode. It is a terrible thing, it is true—a dasterdly outrage—but hardly warrants four full pages of stories and illustrations daily, picturing every individual who every worked for the famous flyer and his family, and a lot

NILES CIVIC GROUP TO AWAIT OFFICIAL WORD ON BOTTLENECK

All Officers Are Re-elected At Tuesday Noon's Gathering

Decision was made at the Tuesday meeting of the Niles Chamber of Commerce to postpone further action on the problem of widening the "bottleneck" in the postoffice block on Niles Main street, until official word is received from state highway department at Sacramento. Although a representative of the highway department made an investigation of the situation a week ago Sunday and expressed the opinion that horizontal parking probably would be the best solution of the traffic hazard at this point, members of the Niles commercial body were of the belief it would be the best procedure to wait until the state body officially makes known what is their stand on the matter.

All of the past year's officers of the Niles Chamber of Commerce were unanimously re-elected at this week's meeting. There were no other candidates offered for election. Thus the following men will lead the chamber for another year: F. V. Jones, president; E. F. Glassbrook, vice-president; A. J. Petsche, secretary; Robert Blacow, treasurer, and William Kirk, George Bonde, and Lester Duffy, directors.

That the Niles body is in a sound financial condition was evidenced when Robert Blacow reported $564.01 in the treasury at present and $50.50 in the charity fund.

A detailed explanation of the plans for the Washington township swimming pool to be located at the Washington Union high school was presented to the Niles commercial group by Justice of Peace Allen G. Norris, member of the Centerville Lions committee in charge of the pool campaign. Norris stressed the point that for a township with a population of 10,000 inhabitants, the construction of a swimming pool should be considered a large and difficult undertaking.

In pointing out the need and the benefit derived from a swimming pool, Norris asked for the united cooperation of the Niles body in putting the project across, stating that the Centerville Lions club did not care who received credit for the undertaking once it was an accomplished fact. He told how the sale of script books would be conducted

Joe Gomes, 43, of Warm Springs, committed suicide Sunday morning by shooting himself through the heart with a shotgun. Two Men Will Run For Board

With only two weeks remaining before the election of two new members to the high school board of directors, there seems to be little interest being manifested in the affair. Up to date only two men in the township have signified their intentions of running for election, which will be held March 25.

H. F. Harrold, of Decoto, who has been serving out an appointive term on the board, will be up for re-election, and last week M. D. Silva, of Newark, came forward as another candidate. Silva has served for several years on the Newark grammar school board of trustees, and at present is clerk of the Newark school district.

Unless someone enters the competition within the next two weeks, it appears as if Niles will have no man on the board after the retirement of F. V. Jones.

No one has declared his intention of opposing Harry Tyson who will be up for re-election as a member of the Niles grammar school board of trustees.

FAMED ALVARADO RACING MAN DIES IN SAN FRANCISCO

William Fisher Well-Known To Race Fans In California

Friends and relatives mourn the passing Wednesday, March 2, in San Francisco, of William "Butch" Fisher, veteran racing man of the pioneer days of Emeryville and the east bay district, and resident of Alvarado for the past fifteen years. Funeral services were held at his former home in Alameda.

In the old Emeryville days Fisher used to train the famous Fair stable of gallopers. When that estate was broken up he acquired some oat burners of his own and so keen was his judgment that he made a fair fortune in the game. He owned the famous General Roberts who is now doing service at the Van Gordan stables.

Fisher's stable colors, green with a golden wheel, became famed from San Francisco to the border track. Oliver Fisher, a son, told of his father's illustrious mounts. "The Wheel of Fortune" won the big Burns handicap, valued at $10,000, and "Little Bob" was winner of the Thornton stakes, valued at $6,000. "The Wheel of Fortune" also once won the Thornton stakes.

"Little Bob," in running the four-mile Thornton stakes, broke his leg after three miles, but he finished to win. The horse lived for six months after that and was buried in the old horse cemetery in San Francisco.

"General," another of the Fisher horses, was the leading winner at Tijauna. Fisher in 1915 led all owners in money winnings.

Mr. and Mrs. Edward Vargas will move to Hayward as soon as their home on Berry avenue is completed. Vargas is planning to go into the chicken business.

DISTRIBUTE MUSIC DRAMA TICKETS AT MEETING

Another step in the campaign to obtain a huge attendance at the operalogue "Carmen" to be presented Tuesday night, March 15, in the Washington Union High school auditorium, was taken at the regular meeting of the Toyon Branch of the Children's Hospital held Monday afternoon at the home of Mrs. William F. Ford in Niles, when tickets were distributed to be sold by members of the organization.

The Toyon members expect to sell approximately five hundred tickets for the musical presentation which promises to be one of the greatest treats in the way of music ever offered to Washington township.

It was announced at the gathering that Dr. G. S. Holeman, president of the Centerville Lions Club, who is sponsoring the drive for the swimming pool, has been asked to speak to the assemblage in the auditorium on the night of the operalogue. He will speak in the interests of the pool.

The next meeting of the Toyon Branch will be held Monday, March 21, at the home of Mrs. August May.

THIEF ROBS STORE IN PLEASANTON

A thief broke into the store of Frank Lewis in Pleasanton, last week and escaped with eighteen dollars in cash and several packages of cigarettes.

The burglar gained an entrance through the back door of the place. Apparently some knowledge of the situation was known to the marauder, because the panel of the door had been cut in such a way as to alow a hand to be sliped through the opening to operate the lock on the door.

This is the third robbery in Pleasanton in the last few months. All three places were entered in approximately the same manner.

MORE ON NILES CIVIC GROUP

(Continued from Page One)

so that the money of every purchaser would be adequately safeguarded if the goal is not reached when the time set for the conclusion of the fund drive expires. The saving through buying script books also was pointed out.

Fred Rogers, Centerville fire chief and pool committee member in charge of the drive in the Niles territory, was present at the Tuesday gathering and spoke in regard to the pool. The chamber took no definite action on the matter, but will decide what part it shall play in the campaign at next week's meeting.

The question of beautifying that portion of ground from the fire house down to the end of Main street, Niles, was left unsettled until the ownership of the property can be definitely settled. Joe Gomes, county roadmaster, announced he could not guarantee any county work on the project until the consent of George Posey, county curveyor, was obtained. It was decided to get in touch with Posey on this question.

Further report on the proposed night meeting of the Niles Chamber of Commerce was presented by A. J. Petsche. He said the executive secretary of the California Industries, had stated the willingness of his organization to present a program on Saturday night, April 12. The committee was instructed by President Jones to continue plans for the affair with Aprl 12 as the date of the meetng.

The matter of changing the meeting date of the chamber from Tuesday to Monday was officially presented to the members by the secretary. It will be voted on next week.

LIVERMORE RODEO TO ADVERTISE IN PAPERS

Newspapers will receive the bulk of the advertising appropriation for the great Livermore Rodeo, to be presented in that city May 14 and 15, according to announcement today by M. R. Henry, director of advertising for the big cowboy show, and editor of the Livermore Herald.

"After years of experimenting, we have learned that newspaper advertising is the most effective medium, providing more contacts per dollar and greater opportunity for presenting information on the thrilling western sports we offer, he asserted. "We have virtually abandoned all other forms of advertising in favor of the use of paid newspaper space."

Henry pointed to the change in dates for the show which was formerly presented on July, to the fact that the greatest cowboys in the world are in California in May and will be here for the show, and to the honors which will be paid Johnny Schneider, Livermore boy who is cowboy champion of the world, as features of the advertising program.

"Other mediums might enable us to broadcast the date change, but nothing but newspapers can properly present the big features of the show," he declared.

RESUSCITATOR USE IS EXPLAINED TO CENTERVILLE CLUB

Is Available for All Township Accident Cases

A demonstration of the new resuscitator recently purchased by the Centerville fire department featured the meeting of the Centerville Lions Club last Wednesday night. Fire Chief Fred Rogers was present at the gathering to explain the workings of the device, and to make an appeal to members of the club to give their support to a dance which the firemen will hold in the Washington Union High school gymnasium April 2, in order to obtain funds to pay for the equipment.

Rogers stated that the resuscitator is for use throughout Washington township. He demonstrated that it could be used successfully by anyone after a little instruction, because it is automatic in its operation.

It varies from the inhalator owned by the Centerville fire unit, as that has to be operated by a trained rescue team, which employs artificial respiration.

The general public has been invited to attend the weekly Monday night drills of the department in order to familiarize themselves with the working of this contrivance, which is the only one in southera Alameda county.

The fire chief told the Lions that access to the resuscitator will be had by all physicians throughout the township, or members of the Centerville fire unit, trained in its use, will answer all calls in all cases of drowning, electric shock, or other mishaps where there is a chance of restoring life to the victim.

Coach Regli's Nine Meets Hollister Saturday Morning

In a seven inning contest marked by steady hurling on the part of the pitchers, Washington Union high school's baseball nine was nosed out by San Leandro high school Friday afternoon at San Leandro. The final score was 3 to 2.

Wilson started on the hillock for Washington and kept the opposition batters well in hand until the third inning when San Leandro touched him for a brace of singles and a double. He was replaced by Kitashima who held San Leandro hitless for the remainder of the game.

The Cornhuskers tallied one run in the first inning. Sekigahama first up singled. Masuda hit to the pitcher who tossed the ball to second retiring Sekigahama, the second baseman relayed it to first in time to catch Masuda for a neat double play. Faria, however, was safe on an error by the centerfielder. Wilson drew a free pass and Rose singled to score Faria. Yamasaki struck out to retire the side.

Washington scored their other counter in the fifth inning, after Sekigahama had been issued a free pass and Faria smashed out a double.

San Leandro scored one run in the first frame and two in the third.

Washington collected five safe hits during the game to San Leandro's four.

Washington township baseball fans will have an opportunity to see Coach Regli's nine in action this week when the Cornhuskers meet Hollister high school at 10 o'clock Saturday morning in Centerville.

SERMON
"From Defense to Offense"
STORY
"The Magic Garden."

Sermon of Sunday, March 13—"The Ransom."

"The question occasionally arises as to how one 'gets religion.' There are five possible approaches to religion: The scientific, the philosophical, the esthetical, the psychological, and the personal touch method. The first four of these ways are being led by the scientific approach, strangely enough, but the personal touch pathway is the most sincere, Christian, and lasting of them all.

"May it be thought of as a 'personal way' just as Phillip went and found Nathaniel (John 1:45). In just that way have many others communicated the person of Galilee to their friends who are found out and brought to see Christ as their God. This is the personal way of bringing your friends to church, too; the way of bringing them to such a state where they get religion. If your religion is worth anything to you it is also worth sharing. Share it with your friends, and let Him be your conversation. This is the price of ransom that must be paid by every Christian person if he wishes to share the burden of the cross.

"Even as the Son of man came not to be ministered unto, but to minister, and to give his life for many." (Mathew 20:28."

Editorial Comment

NORMAN H. PARKS, Publisher Register

of rubbish that has no bearing whatever upon the case or its solution.

There have been thousands of theories advanced on who the kidnappers are, where they may be found, the object of the crime, and what the punishment should be for the perpetrators, if apprehended.

The Township Register also has an idea on this affair. It is a long-distance guess, and nothing more. But it may be as good and as near the truth as others advanced by men right on the job at the Lindberg estate. Here it is:

Al Capone just lost his appeal in the circuit court for a new trial. He is under a sentence of eleven years for income tax violations. That is a long stretch; the 'rap" is a severe one; the gangster is desperate; his money has failed him. All these years he has defied the law, secure in his political connections and the power of his millions of dirty money. Now he has reached the end of his rope.

He did not attain the top of the vice ladder by accident. He is smart, ruthless, cruel, resourceful. You get our drift? Capone's lieutenants kidnapped the Lindberg babe. They are holding it, not for money, but for leniency for Al, the Scarface. The authorities may know this and they may not—the time may not yet be ripe for the arch gangster to reveal his hand. Just now two powerful hoodlums of New York have been selected as intermediaries to "negotiate."

To save his babe, Lindberg could easily be excused for treating with Capone—using his influence to have his sentence shortened, maybe even urging his pardon by executive clemency. Lindberg has done much for the government, the child's mother is the daughter of one of America's greatest men, recently dying in public service. An appeal from both Mr. and Mrs. Lindberg to the authorities could hardly be denied even though such a contemptible scoundrel as Capone would be the beneficiary.

And that is our idea of the Lindberg kidnapping. Take it or leave it alone, as you wish.

NEW NASH WINS NATIONAL ACCLAIM STATES OFFICIAL

C. H. Bliss, vice president in charge of sales of the Nash Motors company, announced recently that the greatest wave of public interest in company history and sales beyond all expectations have attended the national presentation of the five entirely new series of Nash motor cars which began February 27, according to Frank Madruga and Herman Mau, proprietors of the Centerville Garage, Nash dealers.

This record demonstration of buying interest and approval has been officially reported to company headquarters through scores of telegrams received from all sections of the country, and the attitude of the thousands of motorists who jammed the showrooms everywhere to examine and drive the new and radically advanced models.

Interests of the thousands of experienced motorists who made an all-time attendance record for the Nash presentation, centered first in the increased size and beauty of the new Nash slip-stream body, the advanced design and engineering of the Nash chassis, and the remarkably low Nash price scale, according to reports from the Nash dealer body.

The Nash X-dual twist-proof frame and underslung worm drive axles of the Ambassador, Advanced and Special 8 models, and the scores of outstanding new engineering features revealed in all of the series, caused a volume of universal comment which indicates a new and deep appreciation of automobile value and puts Nash out ahead in revived buying interest.

Mrs. Georgie Walton Dies at Home of Son in Oakland Tuesday

Funeral for Former Pleasanton Woman Is Held Last Friday Afternoon

Mrs. George Walton, of Oakland, and a former resident of Pleasanton, passed away at the home of her son. C. I. Walton, last Tuesday morning, following a lingering illness.

Mrs. Walton was eighty-three years of age. She was the wife of the late John Walton, a pioneer carpenter of that city.

She was a native of Canada and came to Pleasanton at an early age, spending sixty years of her life there. She lived in her home on St. Mary's street until a year ago, when she moved to Oakland to live with her son. She was well known and had a pleasing personalty, which won for her a large number of friends in that community. They will mourn her passing.

Mrs. Walton was a member of the Presbyterian Church and also of the Ladies' Aid Society.

Funeral services were held Thursday afternoon from Graham Mortuary chapel at one-thirty. Rev R. C. Cross conducted the services. Interment followed at the Pleasanton Odd Fellows' cemetery.

Mrs. Walton is survived by a daughter, Mrs. Lottie Matthes, of Washington; and four sons, David, of Pleasanton, Samuel, Cryrus, and George, all of Oakland.

Legion Auxiliary Initiates Five New Candidates

Five new candidates were initiated into the American Legion Auxiliary, of Pleasanton, at a meeting held at the club rooms February 27.

The initiation work was put on by the Pleasanton unit. Those who joined were Mrs. Westly Allison, Mrs. Fred Sanderson, Mrs. Ollie Page, Mrs. Lon Ruppel, and Mrs. Edwin Kolb, of Dublin.

The four great principles which the Auxiliary cherishes were explained to the new members by the following officers:

Mrs. Morris Elsnab, musician, officiated at the piano.

After the business meeting, the members of the Legion Post joined with the Auxiliary and enjoyed a social hour. The evening was spent in playing colonial games. The rooms were decorated in the color scheme of red, white, and blue. A large picture of George Washington, draped in the patriotic colors, was included in the decorations.

Refreshments were served at the close of the party. Mrs. Walter Nilson and Mrs. Paul Pelle were hostesses for the evening.

HETCH HETCHY MAN GETS $25 FINE FOR LIQUOR POSSESSION

Discovery of Gin Follows Quarrel With Woman on Street

Stover Smith, Hetch Hetchy worker, was fined twenty-five dollars last Saturday by Judge Charles A. Gale for possession of liquor, as the aftermath of a street disturbance Friday in Pleasanton.

WHEN FOOD SOURS

ABOUT two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore.

TOWN WATER SENT TO UNIVERSITY FOR PURITY TEST

Pleasanton Rain Shortage May Have Stopped Seepage of Impurities

Six samples of water from the Pleasanton city wells were sent to the Sanitary Bureau at the University of California for analysis Tuesday, according to Hugh Sinclair, city engineer of Pleasanton.

The object of the analysis, Sinclair stated, is to check up on the bacterial count in the water and find out if it is fit to drink or not.

For the past month Pleasanton has been supplied with water from the water district, because of contamination in the town well due to seepage caused by the heavy rain storms.

It is expected that water from the Pleasanton wells will be safe to use again because there has not been an excessively heavy rainfall during the past month.

NEWARK YOUTH IS CHOSEN DEPUTY SHERIFF

Last week Sheriff M. B. Driver appointed James J. Collins a special deputy sheriff of Alameda county. Collins, who is a resident of Newark, is one of the most prominent young men in Washington township. The appointment was made to give Newark in particular a police officer who may act in emergency cases. It is complimentary and does not carry the law-enforcement requirements that usually accompany the regular appointment or election of police officers. It will be his purpose to work in conjunction with civic organizations toward building up a better morale for the rising generation.

Collins is a graduate of the Newark grammar school and of the Centerville high school. At the present time he is a trusted employee of the Leslie Salt company. No other young man in the southern end of the county is better fitted for the duties of such an office than is Mr. Collins. He possesses in common the mature judgment of a man and the boyish spirit of a youth. If love for country and a keen sense of right and wrong are attributes of a good police officer, Collins is eminently suitable for the office placed in his trust by Sheriff Driver. He considers the appointment an honor, which in itself is the finest characteristic any officer ever possessed.

Operetta Will Show on Nights of March Seventeen, Eighteen

Chorus, Costumes, and Music To Give Color to Pleasanton Presentation

"The Count and the Co-Ed," the operetta to be presented by The students of the Pleasanton high school, will be given on Thursday and Friday nights, March 17 and 18, according to announcements made last week by Harry Tripp, director of the production.

The operetta has a modern college setting, the first of its kind to be put on at the Pleasanton high school. Those who witness the comedy will have the opportunity to see all the spring fashions in the costumes to be worn by the members of the chorus. The setting and costumery will be a spectacular and colorful part of the operetta.

The cast of main characters is a well and carefully chosen group, and much talent is expected to be shown in the speaking parts.

A chorus of ten dancing girls gives promise of being one of the outstanding features of the production. Many briliant and colorful dances are to be performed by this particular group.

The musical part of the show is said to be sensational. Solos are plentiful, some being comical and others, romantic.

The glee club plays a large part with its numerous song hits, which will thrill the audience. The high school orchestra will play the accompaniments through the entire performace.
